INTRODUCTION

This handbook has been prepared by the Kansas Department of Revenue to provide a source of information regarding bingo regulated under Kansas law, which includes nonprofit organizations which are licensed to conduct the bingo games, the operators of premises which are registered to lease their facilities to licensed organizations, and the distributors which are registered to sell bingo supplies to the licensed organizations. It will not address every situation or question. The Kansas bingo statutes and regulations, which are provided in Appendix C and D, should be used as an additional resource to ensure your organization is complying with its legal obligations regarding bingo operations.

This handbook is provided for informational purposes only. Only Kansas statutes and regulations can be used to support a legal position.

If you have questions or need additional information not addressed by this handbook, then please call the Bingo Administrator at 785-296-6127 or write to:
