What's New...

The following changes are effective for the 2005 tax year.

- ◆ **COMBINED FORMS AND INSTRUCTIONS.** The Kansas Department of Revenue (KDOR) has combined the Partnership return (K-65) with the Small Business Corporate return (K-120S) into one return entitled "2005 Kansas Partnership or S Corporation Income Tax Return." Both partnerships and S corporations will use the revised Form K-120S and will indicate by check box on the return whether they are filing for a partnership or a S corporation.
- ◆ **IRS e-FILE.** Form K-120S can now be filed electronically for S corporation filers (IRS e-File will be available for partnership filers next year). With IRS e-File the return is electronically submitted to the IRS and KDOR using an authorized IRS e-File provider. Form K-120S can also be electronically filed by using KDOR approved commercial tax filing websites or software products. Visit our website at www.webtax.org for a list of authorized IRS e-File providers and software products.

Electronic filing is quick and easy and confirmation that KDOR has accepted the return is received within 48 hours of the transmission.

TIPS TO IMPROVE THE PROCESSING OF YOUR RETURN

Do not staple or otherwise attach pages of the return, payment voucher or check together. You may use a binder clip if that is your preference.

Use only black or dark blue ink and write legibly.

The Department of Revenue (KDOR) uses your Employer Identification Number (EIN) as part of your tax account number. To ensure that your account information is credited properly, include your EIN on your return.

Do not send photocopies of the return, only send the original.

GENERAL INFORMATION

If any due date falls on a Saturday, Sunday, or legal holiday, substitute the next regular workday.

Who Must File a Return

A Kansas corporation return must be filed by all corporations doing business within or deriving income from sources within Kansas who are required to file a Federal Income Tax return, whether or not a tax is due. Corporations which elect under subchapter S of the Internal Revenue Code not to be taxed as a corporation must file a Kansas Partnership or S Corporation Return (Form K-120S). All other corporations must file on Form K-120.

Banks and savings and loan associations allowed to file as small business corporations at the federal level are **not** allowed to file as small business corporations at the Kansas level. Those entities are required to file a Privilege Tax return (K-130) to report any income or loss. The federal level shareholders income or loss which is included in their individual federal income tax return is to be subtracted from federal adjusted gross income so as to not allow that income.

A partnership return (Form K-120S) must be completed by any business partnership, syndicate, pool, joint venture or other such joint enterprise to report income from operations. The Kansas partnership return must be completed by every enterprise that has income or loss derived from Kansas sources regardless of the amount of income or loss. Income or loss derived from Kansas sources includes **income or loss** attributed to:

- a. Any ownership interest in real property or tangible personal property located in Kansas and intangible property to the extent it is used in a trade, business, profession or occupation carried on in Kansas; and,
- b. A trade, business, profession or occupation carried on in Kansas.

Any partnership, joint venture, syndicate, etc., which is required to file a partnership return of income for federal purposes is required to file a Kansas partnership return if such enterprise receives income or loss from Kansas sources.

When to File

Calendar Year: If your return is based on a calendar year, it must be filed no later than April 15, 2006.

Fiscal Year: If your return is based on a tax year other than a calendar year, it must be filed no later than the 15th day of the fourth month following the end of your tax year.

Conformity to Federal Due Dates: Kansas returns are due one (1) month after the federal due date. If the federal original due date is not the 15th day of the third month after the close of a taxable year, the corporation or partnership is required to complete item "J" on the front of Form K-120S, and enclose a letter indicating the authorizing federal statute. Do not enter your extended due date.

Amended Returns: In general, amended returns must be filed with the Department of Revenue within three (3) years of when the original return was filed. If the amended return will result in a refund, then it must be filed within three (3) years of when the original return was filed, or within two (2) years from the date the tax was paid, whichever is less.

Where to File

Use the preaddressed envelope in this tax booklet to mail your return. If you are expecting a refund, place an "X" in the box on the front of the envelope. If your envelope has been misplaced, mail your return to: KANSAS PARTNERSHIP OR S CORPORATION TAX, KANSAS DEPARTMENT OF REVENUE, 915 SW HARRISON STREET, TOPEKA, KS 66699-4000.

If You Need Forms

A tax booklet is mailed each year to the address on the previous year's tax return. Kansas tax forms are available from our Taxpayer Assistance Center or by calling our voice mail forms request line at (785) 296-4937 and from our web site at: www.ksrevenue.org.

Extension of Time to File

If you are unable to complete your return by the filing deadline, you may request an extension of time to file. If you filed, with the Internal Revenue Service, for an extension of time, enclose a copy of that form with your completed K-120S return to automatically receive a six-month extension to file your Kansas return. Kansas does not have a separate extension request form but will accept an approved Federal Extension of Time form.

If you are entitled to a refund, an extension is not required to file the return after the original due date.

NOTE: An extension of time to file Form K-120S does not extend the time for filing a partner's or shareholder's Kansas Individual Income Tax return (Form K-40).

Copy of Federal Return

Enclose with Form K-120S a copy of the following federal return pages as filed with the Internal Revenue Service:

- Pages 1 through 4 of the federal return.
- Federal schedules to support any Kansas modifications claimed on page 1, Form K-120S.

The Kansas Department of Revenue reserves the right to request additional information as necessary.

Completing Your Return

All appropriate lines on Form K-120S must be completed as applicable. Be certain to complete all boxes in the "Taxpayer Information" section of the return.

Nonbusiness Income Claimed: Any taxpayer that claims nonbusiness income on the Kansas return is required to clearly demonstrate that the transaction or activity which gave rise to the income was unusual in nature and infrequent in occurrence or that the income was earned in the course of activities unrelated to the taxpayer's business operations in Kansas. The taxpayer must also submit a schedule as required by line 13 of the Specific Line Instructions for Form K-120S. If the taxpayer does not demonstrate that the income is nonbusiness and does not submit the required schedules, the income will be considered to be business income by the Department of Revenue and the department will apportion that income as business income.

Accounting Period

A taxpayer's taxable year is the same as the taxable year for federal tax purposes. If a taxpayer's taxable year is changed, or the method of accounting is changed for federal tax purposes, then the taxable year and method of accounting shall be similarly changed for Kansas tax purposes.

Business Income Election

For S Corporations with taxable years beginning after December 31, 1995, taxpayers may elect to have all income derived from the acquisition, management, use, or disposition of tangible and intangible property treated as business income. The election is effective and irrevocable for the taxable year of the election and the following nine taxable years. The election is binding on all members of a unitary group of corporations. To make this election, an entity must file Form K-120EL with the Department within the time limits established by law for its filing situation.

- An entity not previously doing business in Kansas that intends to make this election for its initial year of business must file Form K-120EL within 60 days after filing the articles of incorporation or application for authority to engage in business with the Kansas Secretary of State.
- For an entity currently doing business in Kansas, the election must be filed on or before the last day of the tax year immediately preceding the tax year for which the election is made.

Form K-120EL must be sent separately from the K-120S return.

Amending Your Return

You must file an amended Kansas return when: 1) an error was made on your Kansas return, 2) there is a change on another state's return (error or adjustment), 3) there is a change on your federal return (error or adjustment).

To amend your Kansas Partnership or S Corporation return, you must mark the "Amended Return" checkbox on the front of the K-120S and insert the changes on the return. You must also include a copy of the other state's amended return or a copy of the IRS amended return or Revenue Agent's Report or adjustment letter showing and explaining the adjustments. **NOTE:** If you need to amend a partnership return prior to this tax year, you must obtain a Form K-65 for the year you are amending and mark it "Amended." See *If You Need Forms* above.

AMENDED FEDERAL RETURN: If you are filing an amended federal income tax return, for the same taxable year as your Kansas amended return, you must enclose a complete copy of the amended federal return and full explanations of all changes made on your amended Kansas return. If your amended federal return is adjusted or disallowed, it is necessary to provide the Kansas Department of Revenue with a copy of the adjustment or denial letter.

If you did not file a Kansas return when you filed your original federal return, and the federal return has since been amended or adjusted, use the information on the amended or adjusted federal return to complete your original Kansas

return. A copy of both the original and amended federal returns should be enclosed with the Kansas return along with an explanation of the changes.

FEDERAL AUDIT: Any taxpayer whose income has been adjusted by the Internal Revenue Service must file an amended return with Kansas and include a copy of the Revenue Agent's Report or adjustment letter showing and explaining the adjustments. These adjustments must be submitted within 180 days of the date the federal adjustments are paid, agreed to, or become final, whichever is earlier. Failure to notify the Department within the 180 day period will cause the statute of limitations to remain open (the Department of Revenue can make adjustments for as many years back as necessary and interest and penalty computations will continue to increase).

Confidential Information

Income tax information disclosed to the Kansas Department of Revenue, either on returns or through department investigation, is held in strict confidence by law. The Department of Revenue, Internal Revenue Service and the Multi-state Tax Commission and several other states have an agreement under which some tax information is exchanged. This is to verify accuracy and consistency of information reported on federal and Kansas tax returns.

Partnership Adjustments

Kansas income tax law provides that partners receiving income from a partnership or corporation may be required to make certain adjustments to their share of the entity's income included in their individual federal income tax return in order to properly determine their individual Kansas adjusted gross income. This modification can only be made from information available to the partnership, thus it is necessary that each partnership notify each partner of his share of the adjustments. In addition to the adjustments explained above, information regarding income not included in ordinary partnership income must be given to each partner.

NOTE: Each partner or shareholder should be notified of the gross of such income received by the partnership or corporation, each partner's or shareholder's share of such income, the total adjustments applicable and each partner's or shareholder's share of such adjustment.

Capital Gains

Any adjustment, provided by Kansas law, which applies to a capital gain received by the partnership or corporation and reported by the individual partners or shareholders on their individual federal income tax return, is to be made by each partner or shareholder on his Kansas individual income tax return.

If, during the taxable year, the partnership or corporation received a gain from the sale of property or other capital assets for which the tax basis for Kansas is higher than the tax basis for federal, each partner or shareholder must be notified of his share of the difference in basis and whether the gain qualified as a long or short term capital gain.

Any partnership or corporation which has a partner or shareholder who is a nonresident of Kansas must advise such partner of those capital gains and losses incurred from assets located in Kansas because the nonresident partner or shareholder is subject to tax on gains realized from the sale or exchange of property located in Kansas.

If such computations result in a net capital loss to Kansas, the loss is limited to \$3,000 (\$1,500 for married individuals filing separate returns) on the partner's or shareholder's Kansas individual income tax return.

Capital transactions from Kansas sources to which the above instructions apply include:

- a. Capital gains or losses derived from real or personal property having an actual situs within Kansas whether or not connected with the trade or business.
- b. Capital gains or losses from stocks, bonds and other intangible property used in or connected with a business, trade or occupation that is carried on within Kansas.
- c. Respective portion of the partnership or corporate capital gain or loss from a partnership or corporation of which the partnership or shareholder is a member, partner or shareholder, or an estate or trust of which the partnership or corporation is a beneficiary.

Nonresident Owner Withholding

For all tax years ending after December 31, 2002, partnerships, S corporations and limited liability companies with nonresident owners are required to withhold Kansas income tax at the rate of 6.45% on the Kansas taxable income (whether distributed or undistributed) of their nonresident partners, members or shareholders. Pass-through entities with nonresident owners must complete Form KW-7S and pay the withheld funds on Form KW-7 on or before the due date of the income tax return for the pass-through entity, including extensions. These forms, and additional information about this requirement, are available from our web site at www.ksrevenue.org.

Definitions

Unitary Business: A multistate business is unitary when the operations conducted in one state benefit or are benefited by the operations conducted in another state or states. The essential test to be applied is whether or not the operation of the portion of the business within the state is dependent upon or contributory to the operation of the business outside the state. If there is such a relationship, the business is unitary. Stated another way, the test is whether various parts of a business are interdependent and of mutual benefit so as to form one business rather than several business entities and not whether the operating experience of the parts are the same at all places.

Activity Wholly Within Kansas: If a particular trade or business is carried on exclusively within Kansas or if the activities outside of Kansas are such that federal Public Law 86-272 prohibits another state from imposing a tax, then the entire net income is subject to the Kansas Income Tax. If two or more corporations file Federal Income Tax returns on a consolidated basis, and if each of such corporations derive all of their income and expenses from sources within Kansas, they must file a consolidated return for Kansas Income Tax purposes.

Definitions (continued)

Single Entity Apportionment Method: Any taxpayer having income from business activity which is taxable both within and without this state, other than activity as a financial organization or the rendering of purely personal services by an individual, shall allocate and apportion net income as provided in the Uniform Division of Income for Tax Purposes Act.

Combined Income Method—Single Corporate Filing: When a group of corporations conduct a unitary business both within and outside of Kansas, the source of income shall be determined by the combined income approach. The combined income approach is the computation by formula apportionment of the business income of a unitary trade or business properly reportable to Kansas by members of a unitary group. The property, payroll, or sales factor for each member of a unitary business shall be determined by dividing the property, payroll, or sales figure for Kansas by the total property, payroll, or sales figure of the entire group. The average is multiplied by the income of the unitary group to determine the income of the company derived from sources in Kansas.

The Kansas S Corporation return filed on the combined income approach must include Schedule K-121S, which can be found in this booklet.

Any small business corporation which files a consolidated return for federal purposes and a combined report for Kansas purposes must submit a copy of the consolidated federal Form 1120S and all other schedules and statements necessary to support the federal ordinary income reported on the Kansas return. Schedule K-121S must be used to determine income of the small business corporation. Schedule K-121S single entity Kansas income is then shown on line 18, Form K-120S. All corporations filing a combined return (single or multiple) must complete lines 1 through 18 of Form K-120S using the total combined income column from Schedule K-121S.

Combined Income Method—Multiple Corporation Filing: This method is the same as 'Combined Income Method—Single Corporation Filing' except that any corporation filing using the combined income method with more than one entity doing business in Kansas may file the Kansas return reporting the total combined income on that return. Schedule K-121S must be used to determine the Kansas taxable income of each separate corporation. Schedule K-121S combined Kansas income is then entered on line 18 of Form K-120S. All small business corporations filing a combined return (single or multiple) must complete lines 1 through 18 of Form K-120S using the total combined income column from Schedule K-121S.

Qualified Elective Two-Factor Method: This method may be used by any taxpayer who qualifies and elects to utilize the two-factor formula of property and sales. A qualified taxpayer is any taxpayer whose payroll factor for a taxable year exceeds 200% of the average of the property factor and the sales factor. An election must be made by including a statement with the original tax return indicating that the taxpayer elects to utilize this apportionment method. The election will be effective and irrevocable for the taxable year of the election and the following nine taxable years.

Common Carrier Method: All business income of railroads and interstate motor carriers of persons or property for-hire shall be apportioned to this state on the basis of mileage. For railroads, multiply the business income by a fraction, the numerator of which is the freight car miles in this state and the denominator of which is the freight car miles everywhere. For interstate motor carriers, multiply the business income by a fraction, the numerator of which is the total number of miles operated in this state and the denominator of which is the total number of miles operated everywhere.

Alternative Accounting Method: If the uniform allocation and apportionment provisions do not represent fairly the extent of the taxpayer's business activity in this state, the taxpayer may petition for, or the Secretary of Revenue may require, in respect to all or any part of the taxpayer's business activity, if reasonable: (a) Separate accounting; (b) the exclusion of one or more of the factors; (c) the inclusion of one or more additional factors; or (d) the employment of any other method to effect an equitable allocation and apportionment of the taxpayer's income. A copy of the letter from the Kansas Department of Revenue granting the use of an alternative method must be enclosed with the return when filed. Enter the amount determined on your separate schedule on line 18, Form K-120S.

Separate Accounting Method: The separate method of reporting income to Kansas is allowable only in unusual circumstances and with the permission of the Department of Revenue where the use of the three-factor formula does not fairly represent the taxpayer's business activity. Before a taxpayer engaged in a multistate business may use the separate accounting method, the following requirements shall be satisfied:

- The books and records are kept by recognized accounting standards to reflect accurately the amount of income of the multistate business which was realized in Kansas during the taxable period;
- The management functions of the business operations within Kansas are separate and distinct so that in conducting the Kansas business operations the management within Kansas did not utilize or incur centralized management services consisting of operational supervision, advertising, accounting, insurance, financing, personnel, physical facilities, technical and research, sales and servicing or purchasing during the taxable period;
- The business operations within Kansas are separate and distinct and do not contribute to or depend upon the overall operations of the company, and there are no interstate, intercompany, or interdivisional purchases, sales or transfers during the taxable period.

If all three requirements are not satisfied, the taxpayer shall determine Kansas taxable income by use of the apportionment formula. Enter the amount determined on your separate schedule on line 18, Form K-120S.

Any taxpayer that claims nonbusiness income on the Kansas return is required to clearly demonstrate that the transaction or activity which gave rise to the income was unusual in nature and infrequent in occurrence. The taxpayer must also submit a schedule as required below. If the taxpayer does not demonstrate that the income is nonbusiness and does not submit the required schedule(s), the income will be considered to be business income by the Department of Revenue and the Department will apportion that income as business income.

From the items of income directly allocated, there shall be deducted the expenses related thereto. As used in this paragraph, "expenses related thereto," means any allowable deduction or portion thereof attributable to such income and a ratable part of any other allowable deductions which cannot definitely be allocated to some item or class of income.

The schedules should provide appropriate columns as set forth above for items specifically assigned to Kansas and for nonbusiness items specifically assigned outside Kansas. SPECIFIC LINE INSTRUCTIONS FOR FORM K-120S, PAGE 2

PART I – APPORTIONMENT SCHEDULE

Part I is to be used by partnerships or corporations with nonresident partners or shareholders which derive income from sources both within and without Kansas for the purpose of allocating and apportioning income. All business income is apportionable to Kansas by one of the following methods:

- The majority of taxpayers will multiply business income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator of which is three.
- Railroads will multiply business income by a fraction, the numerator of which is the freight car miles in this state and the denominator of which is the freight car miles everywhere.
- Interstate motor carriers will multiply business income by a fraction, the numerator of which is the total number of miles operated in this state and the denominator of which is the total number of miles operated everywhere.
- A qualifying taxpayer may elect to multiply business income by a fraction, the numerator of which is the property factor plus the sales factor, and the denominator of which is two. A qualifying taxpayer is any taxpayer whose payroll factor for a taxable year exceeds 200% of the average of the property factor and the sales factor. For additional information relating to this method and to determine if you are qualified, you may review K.S.A. 79-3279. If you are qualified to use this method, you are still required to complete the payroll information in PART I, line 1b for the first year only.

The laws applicable to these factors are contained in K.S.A. 79-3280 through 79-3287. The applicable regulations are contained in K.A.R. 92-12-84 through 92-12-103. You may access these laws and regulations through the our Policy Library on our web site at: www.ksrevenue.org

LINE 1a, 1b, and 1c—ALLOCATION FRACTION: Compute the property, payroll, and sales to determine the percentage of each in Kansas.

LINE 2a—TOTAL PERCENT: If you are qualified and are utilizing the three-factor formula to apportion income to Kansas, add lines 1a, 1b, and 1c, (percent within Kansas).

LINE 2b—TOTAL PERCENT: If you are qualified and are utilizing the elective two-factor formula to apportion income to Kansas, add lines 1a and 1c, (percent within Kansas).

LINE 3—AVERAGE PERCENT: Divide line 2a or 2b, (whichever is applicable) by the number of factors used in the formula. For example, if you are using the three-factor formula and the corporation does not have payroll anywhere, divide by 2.

PART II – PARTNER'S OR SHAREHOLDER'S DISTRIBUTION OF INCOME

Part II must be completed for all partners or shareholders.

COLUMN 1—Name and address of partner or shareholder. List the name and permanent address of each person who was a partner of the partnership or shareholder of the corporation during the taxable year. Check box on right side of column 1 if the respective partner or shareholder was a nonresident of Kansas during the year.

COLUMN 2—Social Security Number or Employer Identification Number (EIN). Enter in column 2 the Social Security Employer Identification Number of each partner or shareholder listed.

COLUMN 3—Partner’s or Shareholder’s Percent of Ownership. Enter in column 3 the partner’s or shareholder’s percent of ownership in the partnership or corporation.

COLUMN 4—Partner’s Profit Percent or Shareholder’s Applicable Percentage. Enter in column 4 the partner’s profit percentage or shareholder’s applicable percentage.

COLUMN 5—Income from Kansas sources. *Kansas Resident Individuals:* Multiply column 4 by line 12, page 1. *Nonresidents Individuals:* If income is earned only from Kansas sources multiply column 4 by line 12, page 1. If income is earned from inside and outside of Kansas, multiply column 4 by line 18, page 1. *All Other Partners or Shareholders:* Multiply column 4 by line 18, page 1.

COLUMN 6—Partner’s or Shareholder’s portion of federal ordinary and other income (losses) and deductions. Multiply the partner’s profit percent or applicable shareholder’s percentage in column 4 by line 3, page 1.

COLUMN 7—Partner’s or Shareholder’s portion of total Kansas income. Multiply the partner’s or shareholder’s percentage in column 4 by line 12, page 1.

COLUMN 8—Partners or Shareholder’s modification. Subtract column 7 from column 6 and enter the result in column 8. This is the Kansas adjustment to be entered on Schedule S of the Kansas Individual Income Tax return,

Form K-40, as a partnership or S corporation adjustment. If the amount in column 7 is greater than column 6, the amount in column 8 should be shown as an addition modification and entered on line A5 of Schedule S. If the amount in column 7 is less than column 6, the amount in column 8 should be shown as a subtraction modification and entered on line A15 of Schedule S.

Nonresident Partner’s or Shareholders’ Computation

Nonresident partners or shareholders must use the following method to determine the amounts that will be entered in Part B of Supplemental Schedule S, Form K-40.

The taxpayer’s share of income to be entered on line B10 (Amount from Kansas Sources) is determined by multiplying column 4, Part II, page 2, Form K-120S by line 12, page 1, Form K-120S, if income is derived totally within Kansas; or line 18, if income is derived within and outside of Kansas.

Since modifications for nonresident income are included in line 18, Form K-120S, a modification relative to the S corporation or partnership income is **not** to be entered on line B20, Part B of Schedule S, Form K-40.

NOTE—Any difference in the basis of property sold which has a higher basis for Kansas income tax purposes than for federal income tax purposes and which is reported as a long-term capital gain for Kansas purposes, should be computed and reported to the respective shareholder or partner for adjustment of this item on the individual income tax return. If the basis of property sold has a lower basis for Kansas income tax purposes than for federal income tax purposes, no adjustment is necessary.
