INSTRUCTIONS FOR SCHEDULE K-77

GENERAL INFORMATION

K.S.A. 79-32,222 provides a tax credit against the Kansas income tax liability of a taxpayer who makes a "qualified investment" in a new "qualifying pipeline" for tax years beginning after December 31, 2005 and before January 1, 2011. The credit is 10% of the taxpayer's "qualified investment" on the first \$250,000,000 invested, and 5% of the taxpayer's "qualified investment" that exceeds \$250,000,000. The credit will be taken in ten (10) equal, annual installments, beginning with the year in which the taxpayer places into service the new qualifying pipeline.

Before making a qualified investment, a taxpayer shall apply to the Secretary of Commerce to enter into an agreement for a tax credit. After receipt of such application, the Secretary of Commerce may enter into an agreement with the applicant for a credit if the Secretary determines that the taxpayer's proposed investment satisfies the requirements.

If the credit allowed exceeds the taxpayer's tax liability in any one taxable year, the amount of the credit that exceeds the tax liability may be carried forward until the total amount of the credit is used, except that no such tax credit shall be carried over for deduction after the 14th taxable year after the taxable year in which the first annual installment is allowed.

Expenditures used to qualify for this credit shall not be used to qualify for any other type of Kansas income tax credit.

Qualified investment means expenditures made in construction of a new qualifying pipeline for real and tangible personal property incorporated in and used as part of such pipeline.

Qualifying pipeline means a pipeline that is located in this state, is used primarily for transportation of crude oil or natural gas liquids, with a length of more than 190 miles in this state and to which refineries or natural gas liquid processing facilities in this state have access.

SPECIFIC LINE INSTRUCTIONS

Enter all requested information at the top of this schedule.

PART A – COMPUTATION OF CREDIT

(To be completed only in the first year that this credit is claimed)

LINE 1 – Enter the total qualified investment up to and including the first \$250,000,000 made in the construction of a new qualifying pipeline.

LINE 2 – The credit is limited to 10% of the first \$250,000,000 of "qualified investment".

LINE 3 – Credit limit on the qualified investment for the first \$250,000,000. Multiply line 1 by line 2, and enter the result.

LINE 4 – Enter the total qualified investment which exceeds the first \$250,000,000 of investment made in the construction of a new qualifying pipeline.

LINE 5 – The credit is limited to 5% of the qualified investment that exceeds \$250,000,000.

LINE 6 – Credit limit on the qualified investment that exceeds \$250,000,000. Multiply line 4 by line 5, and enter the result.

LINE 7 – Credit limit on the total qualified investment. Add line 3 and line 6, and enter the result.

LINE 8 – Authorized credit percentage. This credit may be claimed in ten (10) equal annual installments.

LINE 9 – Total credit allowed to be claimed this tax year. Multiply line 7 by line 8 and enter the result.

LINE 10 – Partners, shareholders or members: Enter the percentage that represents your proportionate share in the partnership, S corporation, LLC or LLP. All other taxpayers: Enter 100%.

LINE 11 – Your share of the credit. Multiply line 9 by line 10, and enter the result.

PART B – COMPUTATION OF TOTAL CREDIT CLAIMED THIS YEAR

Indicate, by checking the appropriate box, which year of the annual installments for which this credit is being claimed.

LINE 12 – Enter the amount from line 11, Schedule K-77 from the first year in which this credit was claimed.

LINE 13 – Enter the amount of available carry forward credit from the prior year's Schedule K-77.

LINE 14a – Add lines 12 & 13 and enter the result.

LINE 14b—Multiply the amount on line 14a by 90% (.90) and enter the result.

LINE 15a – Enter your total Kansas tax liability for this tax year. If you are filing more than one (1) credit schedule this year, enter only the amount of tax liability you wish to apply to this credit. The amount entered on line 15a (not line 15b) is the amount of tax liability considered to be "used" when calculating the remaining tax liability to be applied against other credits.

Example: If your tax liability is \$1,000 (before applying the 90% reduction) and the amount entered on line 15a is \$400, then the amount of tax liability available to apply to any other credit schedules would be \$600.

LINE 15b—Multiply the amount on line 15a by 90% (.90) and enter the result.

LINE 16 – Enter the lesser of lines 14b or 15b. This is the amount of credit allowed for this tax year. Enter this amount on the appropriate line of Form K-40, Form K-41 or Form K-120.

If line 15a is less than line 14a, complete PART C.

PART C – COMPUTATION OF CARRY FORWARD CREDIT

LINE 17 – Subtract line 15a from line 14a. This is the amount of credit to carry forward to next year's Schedule K-77.

IMPORTANT: Do not send any enclosures with this schedule. A copy of the approved authorization from the Secretary of Commerce must be kept with your records. The Kansas Department of Revenue reserves the right to request additional information as necessary.
