**Great Bend, Concordia, Bellville and McPherson state driver's license offices closed
Wednesday and Thursday for training**

Andover, Wichita and Salina will have reduced staffing those days

Oct. 21, 2011

TOPEKA – The state driver's license offices in Great Bend, Concordia, Bellville and McPherson will be closed Wednesday and Thursday for training on the new Driver Record Issuance & Verification Solution system.

Staff from the Andover, Wichita and Salina driver's license offices will also be attending the training. While the offices will be open, they will be offering limited services due to the reduced staff. No skills testing – such as driver's license or commercial driver's license testing – will be offered Wednesday and Thursday.

The offices will resume normal hours and services Friday, Oct. 28.

The training and new system are part of the DMV modernization project the Kansas Department of Revenue, Division of Vehicles, is in the process of implementing statewide.

Once it is finished, the project will allow the department to offer license and title services more efficiently and securely.
