## Notes:

(a) Kansas Statutes Annotated. Abbreviations: Sess = Session Laws of Kansas; Ch = Chapter; § = Section; ¶ = Paragraph.

(b) County retains: 75¢ for each registration; \$2 for each title; \$2.25 registration service fee & in 1993 ID Card service fee; and up to \$9,800/year for extra compensation.

\$5 fee for registration of antique vehicles is retained (K.S.A. 8-157(b)). \$1.15 (\$1.00 eff.7/1/99) of each title application goes to the VIPS/CAMA Technology Hardware Fund.

Financial institutions seeking certificates of title on motor vehicles based upon repossession pay an additional \$3.00 fee. All of this fee is deposited into the Repossessed Certificates of Title Fee Fund.

(c) 20% of CDL Classes A, B and C (after a \$2 credit to Truck Driver Training Fund) goes to the State Safety Fund.

(d) the 10% is from alcohol and spirits collections only.

# Selected 2004 Enacted Kansas Legislation Administered by the Department

## Economic Development

**Senate Bill 334** provides for a new income tax credit for agri-tourism development.

**Senate Bill 395** amends the tax increment financing law to allow any redevelopment district established prior to January 1, 2003, to continue to receive transient guest, sales and use taxes from taxpayers, whether or not revenues from such taxes are received by the city.

**House Bill 2647** establishes the Bioscience Authority, setting forth its powers and functions. The bill further creates the Bioscience Development Investment Fund which will not be a part of the state treasury. Funds in the Bioscience Development Investment Fund would belong exclusively to the Authority. The Secretary of Revenue and the Authority would establish the base year of taxation for all bioscience companies and all state universities conducting bioscience research in the state. The Secretary of Revenue, the Authority, and the Board of Regents would establish the number of bioscience employees associated with state universities and report annually and determine the taxation base annually for the following 15 years from the effective date of the Act. However, only 95.0 percent of withholding taxes based on wages paid to bioscience employees would be transferred to the EIIAIF. All of the incremental state taxes generated by the growth of bioscience companies and research institutions over and above the base taxation year would go into the Fund. The baseline amount of state taxes would go to the State General Fund each year. The Bioscience Development Investment Fund would be used to fund programs and repay bonds.

Bioscience Development Financing Act would create a tax increment financing district for bioscience development. One or more bioscience development projects could occur within an established bioscience development district. The process for establishing the district would follow the tax increment financing statutes. However, no bioscience development district can be established without the approval of the Authority. The bill would allow counties to establish bioscience development districts in unincorporated areas. K DFA may issue special obligation bonds to finance a bioscience development project. The bonds would be paid with ad valorem tax increments, private sources, contributions, or other financial assistance from the state and federal government. In addition, the bill would create the Bioscience Development Bond Fund which would be managed by the Authority and not be part of the state treasury. A separate account will be created for each bioscience development district (BDD) and distributions will pay for the bioscience development project costs in a BDD.

Starting on January 1, 2006 and annually thereafter, the secretary of revenue is required to annually report to the legislature on the cost effectiveness of sales tax and income tax incentive programs.

Kansas, Inc. is required to include in its annual K.S.A. 74-8004 tax incentive report an evaluation of the effectiveness of the Bioscience Authority activities.

The IMPACT Program is amended to allow the secretary of commerce to make direct investments of work force development funds with state institutions. The ceiling for amounts credited to the IMPACT program repayment fund (from Kansas withholding taxes) that can be used for bond repayment is raised from 10% to 20% of 1.5% (this increases to 2% effective 7/1/05) of all Kansas withholding taxes.

The angel investor tax credit act replaces the venture capital investment tax credit program, effective for tax years 2005 and thereafter. The program is to be administered by KTEC and provides for a tax credit equal to 50% of the contribution for "seed capital" funds (cash investment in the securities of a qualified business), with an annual cap of \$2 million in credits allowed per year, and a cumulative limit of \$20 million in credits allowed over the life of the program. Individual investors can claim no more than \$50,000 in credits per year per business, with a limit of investments in no more than 5 qualified businesses per year. The tax credit program expires in tax year 2016. The secretary of commerce will supply annually to the department of revenue a report on the effectiveness of the program.

The downtown redevelopment act and program is established, allowing cities to establish downtown redevelopment areas with the department of commerce, and providing for property tax increment financing.

## Property Tax

**House Sub. for Senate Bill 147** amends KSA 79-201f, to repeal an exemption for certain personal property moving in interstate commerce; and KSA 79- 5a01, to clarify that the definition of public utility would include brokers that now or hereafter own, control, and hold for resale stored natural gas.

The bill also expands the Homestead Property Tax Refund Program effective for TY 2004 by increasing the upper threshold income level from \$25,000 to \$26,300.

## Selected 2004 Enacted Kansas Legislation Administered by the Department

It expands retroactive to TY 2003 a property tax exemption for business aircraft to replace a requirement that the aircraft be "actually and regularly used exclusively" to earn income for owners with a requirement that the aircraft be used "predominantly" for such purpose.

**Senate Sub. for House Bill 2375** amends the definition of "residential" for property tax classification purposes to provide that such term would include land and improvements used to store household goods and personal effects not used for the production of income, even when such land and improvements are not contiguous to land accommodating a dwelling or home.

It provides that the property tax exemption for household goods and personal effects would be extended to such items used in the home for "bed and breakfast home purposes" as defined in KSA 79-1439.

It amends KSA 79-1439 to clarify that residential real property used for bed and breakfast home purposes would be eligible for the 11.5 assessment rate applicable to other residential property. A bed and breakfast home would be defined to include residences with five or fewer bedrooms available for overnight guests who stay for not more than 28 consecutive days and for which there is compliance with all zoning and other ordinances or laws pertaining to facilities which lodge and feed guests.

It amends an exemption relating to not-for-profit cooperative housing projects approved by the US Department of Housing and Urban Development (HUD). Under the new language, projects obtaining financing from entities other than HUD would be able to retain their property tax exemption, provided that the articles of incorporation or by-laws are amended to require that the corporations will continue to operate in compliance with certain HUD affordability income guidelines.

### Taxation

**Senate Bill 141** creates a centralized administrative appeals office, to be phased in over several years, so that by July 1, 2009, practically all administrative hearings (with some limited exceptions) pursuant to the Kansas Administrative Procedures Act will be handled by this office on behalf of all state agencies, although agency heads will have the option of conducting the hearings.

The provision requiring that cigarette manufacture license violation hearings be conducted in Topeka at the Director of ABC's office is deleted, effective July 1, 2007.

**House Sub. for Senate Bill 147** authorizes retailers, prior to January 1, 2005, to elect to utilize origin-based sales tax sourcing provisions in effect on June 30, 2003, as an alternative to the destination-based sourcing provisions which became effective July 1, 2003. On and after January 1, 2005, all retailers would be required to be in full compliance with the destination-sourcing provisions. The Secretary of Revenue subsequently would be authorized to waive penalties and interest that would otherwise be imposed relative to the failure of taxpayers to properly implement destination sourcing, provided such failure is due to "reasonable" causes. (streamlined sales tax issue).

It amends the sales tax law to provide that in the case of isolated sales of motor vehicles or trailers, the tax would be charged on the greater of the stated selling price or the valuation of the motor vehicles or trailers pursuant to the motor vehicle tax law (KSA 79-5105 *et seq.*).

It also allows those public water supply systems which did not previously avail themselves of an option to impose a clean water drinking fee in exchange for obtaining a sales tax exemption to again have that opportunity on and after January 1, 2005.

In addition, it extends several sales tax exemptions; decelerates from monthly to quarterly the sales tax filing requirements for retailers with annual liability of \$1,600 to \$3,200; requires the Secretary of Revenue to adopt rules and regulations regarding the filing of documentation to support income, premiums, and privilege tax credits claimed to help offset a portion of property taxes actually and timely paid for commercial and industrial machinery and equipment.

It requires individuals to make Kansas estimated tax payments if they reasonably expect to owe, after withholding and credits, tax of at least \$500. Under current law, estimated tax payments are due if the expected liability is at least \$200.

It reduces, effective for TY 2004 and thereafter, the rate of the franchise tax from 0.2 percent of shareholder equity or net worth to 0.125 percent. The maximum liability "cap" of \$5,000 under current law also would be increased to \$20,000; and a new exemption would be provided for entities with equity or net worth of \$100,000 or less. Administration of the franchise tax based on shareholder equity or net worth would be relocated from the Secretary of State to the Department of Revenue. Corporations and associations, limited liability companies, limited partnerships, and business trusts would be required to file annual returns with the Director of Taxation and remit the franchise tax liability before April 15 of each year.

## Selected 2004 Enacted Kansas Legislation Administered by the Department

**Senate Bill 384** is a highway finance bill that makes permanent the 5.3% state sales and use tax rate and increases the fraction of the state sales tax revenue transferred to the state highway fund, starting July 1, 2006 (19/265), increasing that fraction again effective July 1, 2007 (13/106).

**Senate Sub. for House Bill 2375** makes a number of changes in various state and local tax laws. It authorizes cities to establish redevelopment districts to finance the investigation and remediation of certain floodplains. Cities would be authorized to establish an annual floodplain increment in property taxes, provided that the increment could not exceed 20 percent of the amount of taxes produced in the year the redevelopment districts were first established.

The bill provides a motor fuel tax exemption for the sale of kerosene used as a fuel to power antique steam motor vehicles first manufactured prior to 1940.

It makes clarifying changes to language in the motor fuel tax refund statute, KSA 79-3458, regarding necessary documentation by authorizing invoices or self-generated lists approved by the Director of Taxation; and by further eliminating the current requirement that only hard-copy original invoices are acceptable for documentation purposes.

It replaces the formal appeal process for drug tax assessments, currently under the Kansas Administrative Procedures Act (KAPA), with an informal conference process similar to that used currently for income and sales tax administrative appeals.

In addition, it requires, as of January 1, 2005, organizations with entity-based sales tax exemptions to apply for identification numbers from the Department of Revenue, which would subsequently be required to be shown on exemption certificates presented to retailers.

It also increases the mineral severance tax minimum production exemption renewal period from one year to two years on oil wells and oil production leases. The bill also adds the definition of "lease number", *i.e.*, the number assigned by the director of taxation to identify each well, lease, or combination of wells within a lease.

**House Bill 2545** provides a new subtraction from federal adjusted gross income, beginning in tax year 2005 and thereafter, for up to \$500 in tax year 2005, \$600 in tax year 2006, \$700 in tax year 2007, \$800 for tax year 2008, \$900 for tax year 2009, and \$1,000 for tax years 2010 and thereafter for qualified long-term care insurance premiums.

**House Bill 2682** provides a number of requirements for individuals and companies selling cigarettes over the Internet, telephone, or by any other type of mail-order transaction.

### Vehicles

**Senate Bill 141** in relation to the Department of Revenue, effective July 1, 2008, motor vehicle dealer's license violation hearings on tag violations are to be conducted by the office of administrative appeals. Also effective that date, any other hearings governed by KAPA arising at the department must be heard either by the agency head or by the office of administrative appeals.

**Senate Bill 147** changes the method for determining sales tax on isolated and occasional sales. It states the base for computing sales tax shall be the stated selling price of the motor vehicle or the property tax value, whichever is higher.

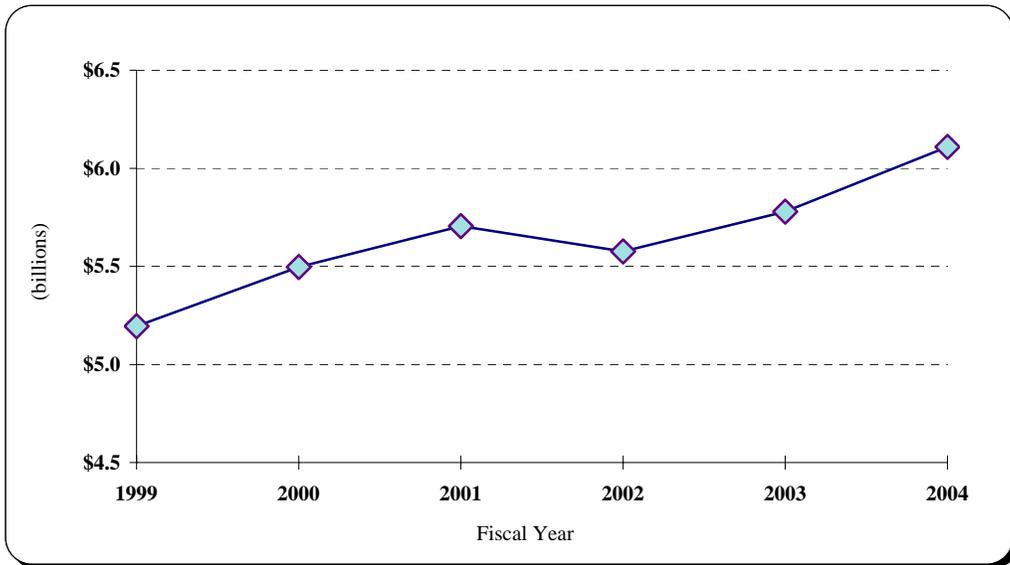

**Senate Sub. for House Bill 2375** requires the suspension or revocation of vehicle dealers' licenses when such dealers are delinquent in sales or withholding taxes for three consecutive months. (HB 2648)

**Senate Substitute for House Bill 2404** is a bill relating to drivers' licenses and identification cards. The bill rolls two bills introduced earlier this session. It eliminates the use of a taxpayer identification number, if the applicant does not have a social security number, on drivers' licenses or ID cards. It also relates to medical information reported to the Division of Vehicles concerning drivers' licenses.

**House Bill 2563** effective January 1, 2005, Kansas residents in the full-time military stationed outside of Kansas may have up to 2 motor vehicles exempt from property tax during such period.

## Estate Tax Amount to State General Fund

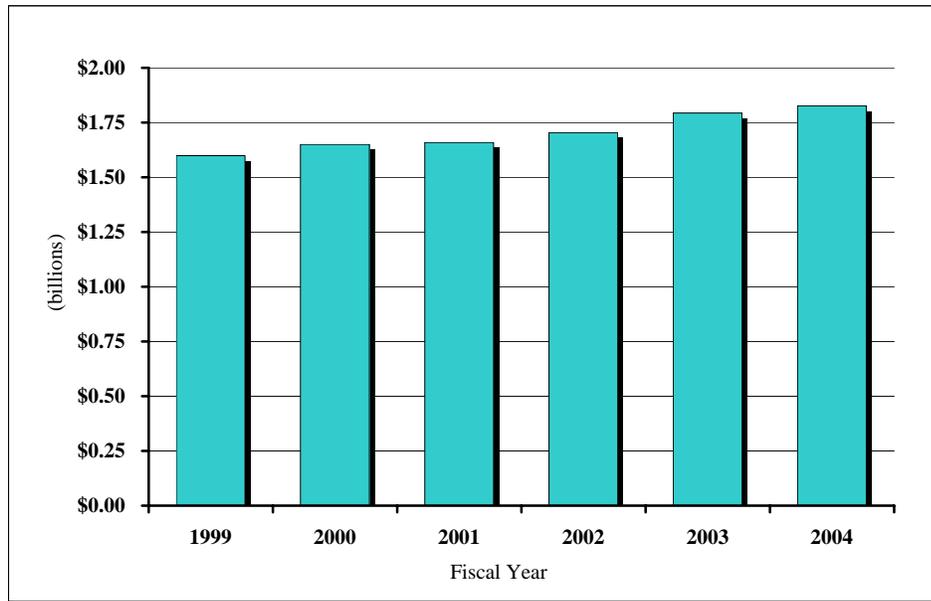

Estates of persons who died before July 1, 1998 are subject to an inheritance tax. Estates of persons who died on or after July 1, 1998 are subject to a pick-up tax. For estates of persons who died on or after July 1, 1998 and prior to January 1, 2002 the pick-up tax is equal to the federal credit for state death taxes. For estate of persons who died on or after January 1, 2002 the pick-up tax will not be equal to the federal credit for state death taxes. The state filing threshold is \$700,000 for deaths occurring in 2002 and 2003, \$850,000 for deaths occurring in 2004, \$950,000 for deaths occurring in 2005, and \$1,000,000 for deaths occurring in 2006 or thereafter. The Kansas estate tax exemption filing threshold is conformed to the federal threshold, effective for estates of decedents dying on and after January 1, 2007.

### State Sales Tax Per Capita, with Rank by County

This map shows the Fiscal Year 2004 state sales tax paid per person, by county. The per capita figures are computed by dividing the sales tax collections for each county by its population. A high per capita figure may indicate either a high level of spending by each resident, or a high level of spending in the county by nonresidents or tourists. The shaded areas represent the ten highest per capita counties in the state. Major metropolitan areas such as Johnson, Sedgwick, and Shawnee counties have high ratios because of their many large shopping centers and high level of tourism.

## Motor Fuel Tax Gross Collections

On July 1, 1993, the point of taxation on special fuels was moved from the retail/user level to the wholesale distributor level. July 1, 1995 marked the start of the Governor's fuel tax evasion project aimed at reducing fuel tax evasion in Kansas. The 2002 Legislature enacted House Bill 3011, which increased all motor fuel tax rates by \$.02 per gallon effective July 1, 2002 and increases all motor fuel tax rates by \$.01 per gallon effective July 1, 2003.

# Gas Production, Calendar Year 2003

This map shows the Kansas gross natural gas production, in thousands of MCF by county for calendar year 2003.

Fifty-six of the State's one hundred and five counties produced oil. Stevens County was the highest producer with 80.6 million MCF. There were 9 counties (shaded area) producing more than 10 million MCF for the year. Their combined production of 349.8 million MCF was 82.7 percent of the statewide total production of 422,894,165 million MCF.

## Bingo Enforcement Tax Gross Collections

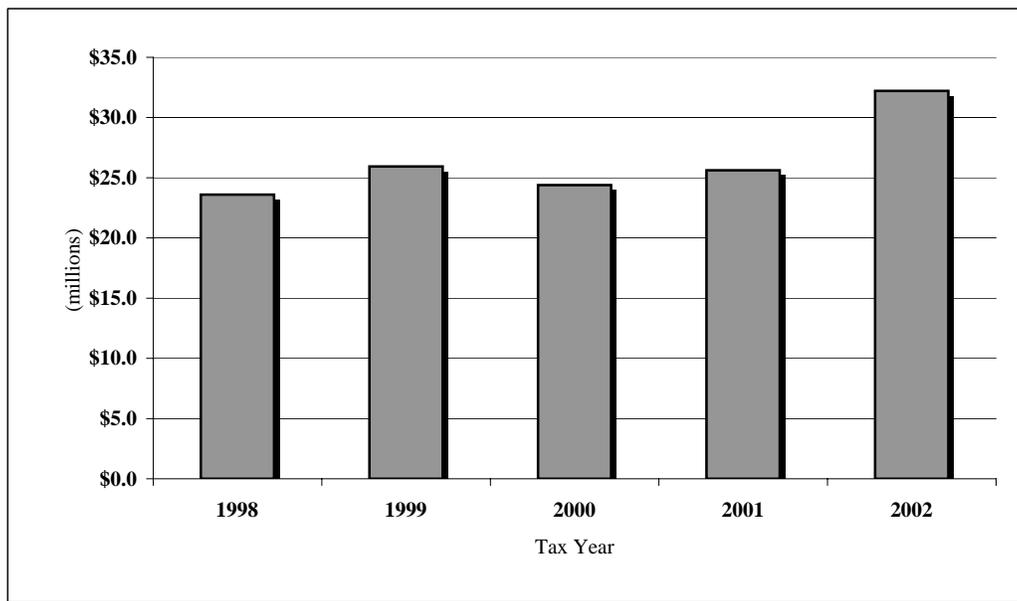

The bingo enforcement tax was enacted in 1975. Since Fiscal Year 1994, the tax collection is from "call" and "instant" bingo. The legislature authorized the tax on instant bingo at the rate of 1%, effective July 1, 1993. The 2000 Legislature changed the bingo tax to 0.2¢ per bingo face instead of the 3 percent of gross bingo income.

## Food Sales Tax Credits

Effective in Calendar Year 2002, claimants with a Kansas adjusted gross income of less than \$12,900 or of more than \$12,900, but not more than \$25,800, are eligible for a refund of \$72 or \$36, respectively, per claimant and for each dependent residing in the household. During the legislative session of 2000, a bill amended the food sales tax refund program to require that two kinds of tax-exempt income - public sector pension income and interest on governmental debt - be added to the Kansas Adjusted Gross Income for purposes of determining eligibility.

2002	269,659	\$32,212,000	25.7%

\*Beginning in 1998, amounts reflect tax year payments and not fiscal year payments.

## Homestead Property Tax Refunds

Kansas residents with a household income of \$25,000 and less who are either 55 years of age or older, blind or totally and permanently disabled or have a child under the age of 18 living at the residence, are eligible to receive a homestead property tax refund. Beginning in Calendar Year 1998 and reflected in the Fiscal Year 1998 data, the household income limitation was increased from \$17,200 to \$25,000 and includes renters who may now claim twenty as opposed to fifteen percent of their rent as property tax payments. The maximum refund amount remains at \$600 and decreases as household income increases. Previous-year filers may be prequalified in late November or early December and have their refund directed to the county for payment of all or a portion of their first-half real estate property taxes which are due December 20th. During the legislative session of 2000, a bill was passed that expanded the Homestead Property Tax Refund Act by allowing social security disability payments to be excluded from the definition of income in determining eligibility for the program.

## Assessed Valuation by Property Type, Tax Years 2002 and 2003

Assessed value is the value on which the tax burden to support local government services, special assessments and public schools is allocated among property owners. Appraised value X assessment % = assessed value. Personal property is every tangible thing that is the subject of ownership, not forming part or parcel of real property. Real property is land and all buildings, fixtures, improvements, mines, minerals, quarries, mineral springs and wells, rights and privileges appertaining thereto, except as otherwise specifically provided.

## Driver License Fee Collections by Calendar Year

Driver licenses are issued by the Division of Vehicles for the operation of motor vehicles. The Division also issues Identification Cards. During the 1997 Legislative Session, House Bill 2073 was enacted. The bill extended the license renewal cycle from four to six years for licensed drivers between the ages of 21 and 65. All fees were increased to the six-year rate at the previous cost per year. This legislation is partially responsible for the Calendar Year 1997, 1998, and 1999 increases.

## Liquor Excise Tax Gross Receipts

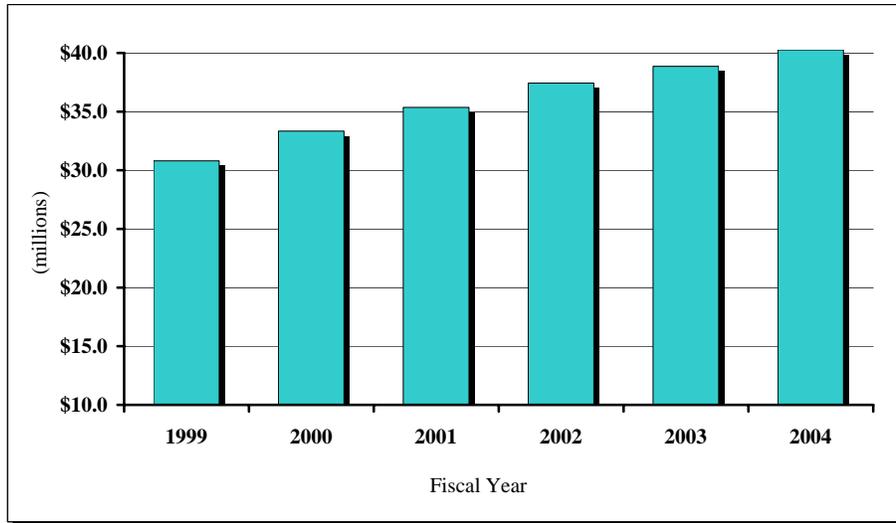

The liquor excise tax is a 10% retail tax on gross receipts from the sale of liquor on-premises at private clubs, drinking establishments open to the public and caterers. It is imposed on all alcoholic beverages, including cereal malt. Seventy percent of the collection is returned to the locality from which collected, 25% is credited to the State General Fund and 5% to the Community Alcoholism and Intoxication Programs Fund. This tax is collected by the Division of Tax Operations rather than the Division of Alcoholic Beverage Control.
