State Retailers' Sales and Compensating Use Taxes Amount to State General Fund

Statewide retailers' sales and compensating use taxes are applied to the sale of tangible personal property, and to specified services at retail. The compensating use tax includes consumers' use, retailers' use, and auto lease tax. Beginning July 1, 2015 (Fiscal year 2016) the tax rate increased from 6.15% to 6.5%. Effective January 1, 2023, the state sales tax on food and food ingredients was reduced from 6.5% to 4%. In Fiscal Year 2023, the state gained \$89.2 million from the Streamline Sales Tax Project.

On June 21, 2018, the United States Supreme Court issued its decision in the case of *South Dakota v. Wayfair, Inc. et al.* In its decision the Court overturned the requirement established in prior rulings that a remote seller must have a physical presence in a state before that state could require the remote seller to collect that state's sales and/or use tax. On August 1, 2019, the Department released Notice 19-04 – Sales Tax Requirements for Retailers Doing Business in Kansas. The notice instructed those remote sellers who were not already registered with the Kansas Department of Revenue to register, collect and remit the sales or use tax beginning October 1, 2019. Beginning July 1, 2021, remote sellers and marketplace facilitators are required to collect and remit sales and use tax if the business's sales or facilitated sales into Kansas exceed \$100,000.

This map shows the Fiscal Year 2023 state sales tax paid per person, by county. The per capita figures are computed by dividing the sales tax collections for each county by its population. A high per capita figure may indicate either a high level of spending by each resident, or a high level of spending in the county by nonresidents or tourists. The shaded areas represent the ten highest per capita counties in the state. Details of this map are contained in pages 36 and 37 of this report.

Kansas Local and State Use Tax Reported on K-40

Kansans who buy goods in other states or through catalogs, internet, mail-order companies, or from TV, magazine and newspaper ads must pay Kansas Use Tax on these purchases if the seller does not charge a Kansas tax equal to the Kansas Retailers' sales tax rate (state plus local) in effect where the item(s) will be used, stored or consumed.

Individual consumers report Kansas use tax owed on untaxed out-of-state purchases on the K-40 Individual Income Tax form. This is a component of the Total Kansas Local and Use tax amount, which includes tax reported on the K-40 and the tax reported by businesses and retailers.

Mineral Tax Distributions by Product and Fund

Taxes on minerals are distributed first into a Refund Fund, then into the State General Fund and the Special County Mineral Tax Production Fund. Beginning in FY 2009, a portion of the SGF Severance Tax Receipts was earmarked for the Oil and Gas Valuation Depletion Trust Fund (OGVDTF). The first transfer to this fund was in October 2009. Effective FY 2017, the OGVDTF was abolished and the Mineral Production Education Fund (MPEF) was created. The fund is credited with 20% of mineral severance taxes collected during the previous fiscal year in counties with receipts in excess of \$100,000. The monies from the MPEF are then transferred twice annually to the State School District Finance Fund (SSDFF).

Homestead Property Tax Refunds

The Homestead Refund is a rebate of a portion of the property taxes paid on a Kansas resident's homestead. Your refund percentage is based on your total household income. If you own your home, the refund is a percentage of your general property tax. If you rent your home, a percentage of the rent paid for occupancy is used as the property tax amount. (Effective Tax Year 2013, renters will no longer qualify for this refund.). In Tax Year 2021, the maximum refund was \$700 and the maximum household income was \$36,600. In Tax Year 2022, the maximum refund was \$700 and the maximum household income was \$37,750. During the last reported tax year, the Kansas Department of Revenue issued \$13,913,040 in Homestead refunds to 59,483 homeowners.

In 2008, the legislature enacted the Selective Assistance for Effective Senior Relief (SAFE SENIOR), which is a property tax refund program administered under the provisions of the Kansas Homestead Act. The refund is a percentage of the general property tax paid or to be paid. In Tax Year 2021, the maximum household income was \$20,900. In Tax Year 2022, the maximum household income was \$22,000. A claimant may receive either a Homestead or a SAFE SENIOR refund, but not both. During the last reported tax year, the Kansas Department of Revenue issued \$7,765,270 in SAFE SENIOR refunds to 6,044 homeowners. This is reported as a portion of the total homestead refunds issued.

Assessed value is the value on which the tax burden to support local government services, special assessments and public schools is allocated among property owners. Appraised value X assessment % = assessed value. Personal property is every tangible thing that is the subject of ownership, not forming part or parcel of real property. Real property is land and all buildings, fixtures, improvements, mines, minerals, quarries, mineral springs and wells, rights and privileges appertaining thereto, except as otherwise specifically provided.

Driver License Fee Collections by Calendar Year

Driver licenses are issued by the Division of Vehicles for the operation of motor vehicles. The Division also issues Identification Cards. During the 1997 Legislative Session, House Bill 2073 was enacted. The bill extended the license renewal cycle from four to six years for licensed drivers between the ages of 21 and 65. All fees increased to the six-year rate at the previous cost per year.

Liquor Excise Tax Gross Receipts

The liquor excise tax is a 10% tax imposed on alcohol sold for on-premise consumption. The tax is imposed on the sale of drinks containing alcoholic liquor sold by clubs, caterers, and drinking establishments (including farm wineries, microbreweries, and microdistilleries also licensed as a drinking establishment selling to customers for on-premise consumption). The tax is also imposed on the acquisition cost of alcoholic liquor used in free samples offered by clubs and drinking establishments. Seventy percent of the tax collection is returned to the locality from which collected; 25% is credited to the State General Fund; and 5% to the Community Alcoholism and Intoxication Programs Fund. This tax is collected by the Division of Tax Operations rather than the Division of Alcoholic Beverage Control.
