INSTRUCTIONS FOR SCHEDULE K-59

GENERAL INFORMATION

Schedule K-59 provides an investment schedule and a carry forward schedule. Please read all directions before completing this schedule.

The High Performance Incentive Program (HPIP) provides for two types of credits: 1) Training and Education Credit [K.S.A. 74-50,132]; and, 2) Investment Tax Credit [K.S.A. 79-32,160a(e)]. Certification from the Kansas Department of Commerce (KDOC) is the initial requirement for either of the credits and must be maintained with your records.

Training and Education Credit. A qualified firm that invests in the training and education of its employees and pays higher than average wages is eligible to receive a tax credit. The credit is the amount of training and education expenditures that exceed 2% of the wages, limited to \$50,000. The credit must be used in the tax year it is earned. There is no carry forward provision for this credit.

Investment Tax Credit. A qualified firm may be eligible to receive a 10% investment tax credit for investment in excess of \$50,000 (\$1,000,000 for the counties of Douglas, Johnson, Sedgwick, Shawnee and Wyandotte) in a Qualified Business Facility (QBF). This credit may be carried forward for the next 16 tax years as long as the firm is recertified in the tax year the carry forward is used. Schedule K-59 must be completed for each QBF in the initial year and, if necessary, for any carry forward year for each location.

IMPORTANT: Do not send any enclosures with this credit schedule. If additional information is needed, the Department of Revenue reserves the right to request it at a later date.

A “qualified firm” is a for-profit business establishment, subject to state income, sales or property taxes, identified:

- under the North American Industry Classification System (NAICS) designation 2211 through 2213, and major groups 3311 through 3399, 4231 through 4251, 4811 through 5191, 5211 through 7213, 8111 through 9281; OR
- as a corporate or regional headquarters or back-office operation of a national or multinational corporation regardless of NAICS designation.

A business establishment may be assigned a NAICS designation according to the primary business activity at a single physical location in Kansas. There are additional qualifications to meet the definition of “qualified firm.” Contact KDOC for information.

A “qualified business facility investment” is the value of the real and tangible personal property, except inventory or property held for sale to customers in the ordinary course of business, which constitutes the qualified business facility. See K.S.A. 79-32,154(e).

“Corporate headquarters” is a facility where principal officers of the corporation are housed and from which direction, management or administrative support for transactions is provided.

LINE BY LINE INSTRUCTIONS

PART A – GENERAL INFORMATION

LINE 1 – Enter the period certified by KDOC.

LINE 2 – Enter the certification number received from KDOC.

PART B – HPIP TRAINING AND EDUCATION CREDIT

The training and education credit is authorized through HPIP and shall be claimed in the tax year for which the company is certified. If the HPIP certification period should overlap two tax years, the taxpayer shall have the choice of which tax year to claim the training and education tax credit.

LINE 3 – Enter the total qualified business cash investment in the training and education of the qualified firm’s employees during the 12-month measurement period specified on your HPIP eligibility form or certification letter. Do not include spending used to match the state’s Kansas Industrial Retraining (KIR) program.

LINE 4 – Enter the total dollar amount expended for payroll costs for both full time and part time positions. This should correspond to the amount reported on your Employers’ Quarterly Wage Report and Contribution Return, Form K-CNS 1001.

LINE 5 – Multiply line 4 by 2% and enter the result.

LINE 6 – Subtract line 5 from line 3 and enter the result.

LINE 7 – Enter amount from line 6 or \$50,000, whichever is less. This is the total training and education credit for cash investment made.

LINE 8 – Partners, shareholders, or members must enter their proportionate share percentage in the partnership or S corporation. All other taxpayers enter 100%.

LINE 9 – Multiply line 7 by line 8. This is the amount of credit allowable for training and education. Apply this credit to your tax liability before any other credits.

LINE 9a – Enter the amount of training and education credit used against your tax liability (cannot exceed your tax liability) on the appropriate line of Form K-40, Form K-41, Form K-120, or Form K-130.

PART C – HPIP INVESTMENT CREDIT

Qualified business facility investment is the value of the real and tangible personal property, except inventory or property held for sale to customers in the ordinary course of the taxpayer’s business, which constitutes the qualified business facility, or which is used by the taxpayer in the operation of the QBF, during the taxable year for which the HPIP investment tax credit is claimed. The value of such property during the taxable year shall be: 1) its original cost if owned by the taxpayer; or 2) eight times the net annual rental rate if leased by the taxpayer.

All three of the following conditions must be met for property to be eligible for the HPIP investment tax credit.

1. Only those expenditures for real and tangible personal property made during the certification period will qualify for the credit:
2. The property must be capable of being used by the taxpayer or must be used by the taxpayer in the operation of the QBF during the certification period (no property classified or defined as construction in process); and
3. Only that property identified on the capital investment project form submitted to KDOC shall be eligible.

Current Year Investment Calculation:

The QBF investment for HPIP purposes is computed based on a monthly average of the HPIP qualified investment made during the certified or recertified months that fall within the taxpayer’s tax year. The investment or expenditures must meet the qualifications listed above. This property will also be present in the property factor for apportionment purposes. The QBF investment shall be determined by dividing the sum of the total cumulative value of such HPIP property on the last business day of each full calendar month during the portion of the taxable year during which the QBF was in operation by the number of full calendar months the QBF is in operation.

Base Year Investment Calculation:

For investment in a QBF, which facility existed and was operated by the taxpayer prior to the investment, a base amount of investment will be deducted from the current year’s HPIP investment average. The base shall consist of the average HPIP investment made by the taxpayer in all prior years at this QBF. This property will also be present in the property factor for apportionment purposes. The base QBF investment for HPIP purposes shall be determined by dividing the sum of the total cumulative value of such HPIP property on the last business day of each full calendar month during the portion of the prior taxable year during which the QBF was in operation by the number of full calendar months the QBF was in operation. Only HPIP QBF investment that is related to the facility will be in the base.

LINE 10—Enter street address and city of the qualified business facility.

LINE 11A through 11I:

Column (1) – Filing Period: Enter the months in the order of the filing period being used by the legal entity.

Column (2) – Base year—QBF Monthly Investment: In the heading of Column (2), enter the tax year prior to the tax period of the qualifying credit (Base). Lines 11a through 11i of Column (2) are used to compute activity at the QBF prior to the year in which a credit is qualified. This prior year is referred to as the “base” year. If the QBF was in operation in the prior year and the taxpayer had been certified previously under the HPIP program, enter the total cumulative value of HPIP investment at this QBF on the last business day of each full calendar month during the portion of the preceding tax year during which the QBF was in operation.

Column (3) Qualifying Year—QBF Monthly Investment: In the heading of Column (3), enter the tax year you are establishing the current credit. On lines 11a through 11l, enter the total cumulative value of HPIP investment on the last business day of each full calendar month of operation at the QBF during the portion of the taxable year the QBF was in operation. If the QBF was in operation for only three full months during the tax year, you would enter the investment for those three months.

LINE 11m – For each Column, (2) and (3), add the amounts on lines 11a through 11l and enter the result on line 11m.

LINE 11n – For each Column, (2) and (3), divide the total in line 11m by the number of full months the QBF was in operation.

LINE 11o – For each Column, (2) and (3), enter the value of the property rented by the taxpayer and used at the QBF. Rented property is valued at eight times the net annual rental rate.

LINE 11p – For each Column, (2) and (3), add lines 11n and 11o.

LINE 11q – Enter the base amount shown on line 11p, Column (2).

LINE 11r – For Column (3), subtract line 11q from line 11p.

LINE 11s – Enter **\$1,000,000** as the minimum investment allowed if the qualified business facility investment was made on or after January 1, 2012 and in the county of Douglas, Johnson, Sedgwick, Shawnee, or Wyandotte. (See exception.)

Enter **\$50,000** as the minimum investment allowed if: 1) the qualified business facility investment was made in any county other than Douglas, Johnson, Sedgwick, Shawnee, or Wyandotte; or 2) the taxpayer has filed a certificate of intent to invest in a qualified business facility in the county of Douglas, Johnson, Sedgwick, Shawnee, or Wyandotte prior to December 31, 2011 and commences investment in the qualified business facility prior to December 31, 2013.

LINE 11t – Subtract the minimum investment allowed on line 11s (\$1,000,000 or \$50,000) from line 11r in Column (3).

LINE 11u – Multiply line 11t, Column (3), by 10% and enter the result.

LINE 12 – Partners, shareholders or members: Enter the percentage that represents your proportionate share in the partnership, S corporation, LLC or LLP. All other taxpayers: Enter 100%.

LINE 13 – Multiply line 11u by line 12. This is the amount of current year credit available.

LINE 13a – Enter amount of the available credit forward from the prior tax year.

LINE 13b – Add lines 13 and 13a for the total credit available this tax year.

LINE 14 – Enter the total Kansas tax liability for the current tax year after all previously claimed credits (including the HPIP Training and Education Tax Credit calculated in PART B are subtracted).

LINE 15 – Enter the lesser of line 13b or line 14. This is the amount of credit that can be used this tax period. Enter this amount on the appropriate line of Form K-40, Form K-41, Form K-120, or Form K-130.

LINE 16 – Subtract line 15 from line 13b. Do not enter an amount less than zero. This is the amount of credit to be carried forward. PART D will need to be completed for the next tax period. Enter this carry forward amount on PART D, line d of the appropriate tax year.

NOTE: If you claim the investment tax credit allowed on line 15, Schedule K-59, you may not claim a business and job development credit on Schedule K-34 using the same QBF investment.

PART D – NEW INVESTMENT INFORMATION

LINES 17 through 24 – K.S.A. 79-32,243 requires that KDOR collect specific information for all taxable years commencing after December 31, 2005. The information collected will be used by KDOR in evaluating the effectiveness of the HPIP tax credits.

It is important that the information provided in Part D is for the entity claiming the tax credit. If you are completing Schedule K-59 for carry forward purposes only, you should complete lines 17-24 for the number of jobs created or retained, associated payroll, revenue and sales generated during this tax period, not cumulative from the beginning of this credit.

LINE 17 – Enter the number of actual jobs this taxpayer has created during this tax period as a direct result of the qualified business facility investment made.

LINE 18 – Enter the total compensation paid during this tax period for the employees identified on line 17.

LINE 19 – Enter the number of actual jobs that have been retained by this taxpayer during this tax period that would have been eliminated if not for this qualified business facility investment.

LINE 20 – Enter the total compensation paid during this tax period for the employee(s) identified on line 19.

LINE 21 – Enter the income or loss generated during this tax period as a direct result of the qualified business facility investment made.

LINE 22 – Enter the sales generated during this tax period as a direct result of the qualified business facility investment made.

LINE 23 – Enter the entity's total number of employees in the state of Kansas for this tax period.

LINE 24 – Enter the total amount of compensation paid during this tax period for the total number of employees on line 23.

PART E – CARRY FORWARD SCHEDULE

This schedule will track the credit carry forward available for this particular investment credit. Complete a new line for each tax year the credit is carried forward, on the same schedule, until the credit is exhausted or the 16 succeeding tax years have lapsed. Once a credit is established, any succeeding tax year in which the carry forward credit is not claimed will be considered as one of the 16th succeeding tax years.

To claim remaining carry forward the taxpayer must be recertified for the majority of the tax year in which the carry forward is to be claimed, except that no carry forward shall be allowed for deduction after the 16th taxable year succeeding the taxable year in which the credit initially was claimed. To obtain the recertification, you must complete the HPIP Restricted Application with KDOC.

When claiming a carry forward credit, you will need to submit the first page of Schedule K-59, with the taxpayer information as contained in the header, and lines 10, 13, 14, 15, 16, PART D and PART E completed.

LINES 25 through 40:

a. Tax Year – For line 25, enter the first tax year following the tax year the credit was computed. For lines 26 through 40, enter the next consecutive tax year.

b. Certification No. – Enter the certification or recertification number from KDOC for this tax year entered on line a.

c. Certification Period – Enter the time period covered under the certification or recertification for the tax year.

d. Carry Forward Amount – For line 25, enter the amount from PART C, line 16. For lines 26 through 40, enter the amount of available credit forward from the prior tax year until the 16 succeeding tax years have expired or total carry forward has been used. Lines 35 through 40 are for HPIP carry forward on UNEXPIRED credits where the investments were placed into service in taxable years commencing after December 31, 2000.

Follow the instructions on Line 13 to calculate the amount of credit to be used this tax year.

e. Credit Used – Enter the credit amount to be applied against the tax liability of the tax year and include it on line 15.

f. Carry Forward Available – Subtract line e from line d. Enter this amount of credit available for next year on line 16.

TAXPAYER ASSISTANCE

Questions you may have about qualifying for the high performance incentive program should be addressed to:

Kansas Department of Commerce
1000 SW Jackson, Suite 100
Topeka, KS 66612-1354
Phone: 785-296-5298
